INVITATION – 7 APRIL

NATIONAL BIOECONOMY WORKSHOP

CELEBio CZECH REPUBLIC

CELEBio Czech Republic team is happy to invite you to the **National CELEBio Workshop organized in Prague, 7 April 2020, starting at 9:30 am.**

Project CELEBio is designed to increase the level of awareness of bio-based industrial activities in selected countries. The main objective of CELEBio is to contribute to strengthening Bioeconomy-related activities in Bulgaria, Czech Republic, Croatia, Hungary, Slovak Republic and Slovenia.

The National Workshop is organized to present and discuss the Bioeconomy Action Plan for Czech Republic. Included stakeholders from the different fields will spread the key messages from the workshop in their environment in order to support the bioeconomy growth in the Czech Republic. The main focus will be at the fields of **Forestry, Agriculture, Waste, Energy and Bioindustries.**

The project itself is used to map out the gaps in the value chain of the bioeconomy. The aim of the Czech Republic is to generate new economic opportunities and jobs from an increase in the bioeconomy business, through high added value bio-based products and services while securing the operating conditions for the sustainability of nature's ecosystems.

More information such as the venue and registration will follow in the incomings weeks.
