The goal of the RCO South Bohemia project - ERA

The goal of the RCO South Bohemia project - ERA (LTI18025) is to increase the **active** participation of Czech entities in projects of international R&D&I programmes (Horizon2020, Horizon Europe, bilateral, multilateral activities).

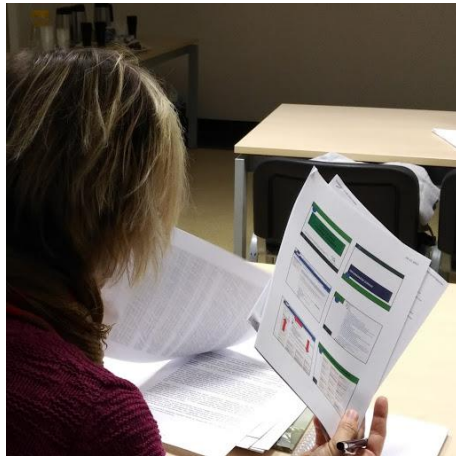

Tools to achieve the goal (1)

- Advisory and consulting activities
- Education and development of managerial competencies
- Support for the networking of science and research in the region

Tools to achieve the goal (2)

- Specific support for early-stage researchers
- Specific support for SMEs
- Human resources, infrastructure, quality of services

RCO South Bohemia and Bioeconomy (1)

Advisory and consulting activities

- *Sources of financial support*
- *Information days and seminars (H2020 Social Challenge 2; Green Deal, bioeconomy in HEU)*
- *Consultations (partnersearch, project preparation)*
